At Ennis Regional Medical Center, our goal is to deliver the highest quality healthcare available in Ellis County and the surrounding areas as we seek to make our community healthier.

—Harold Siglar,
Interim CEO

At **Ennis Regional Medical Center**, we spent 2016 exploring ways to advance our mission of making the communities of Ellis County and surrounding areas healthier. And by focusing our efforts on creating a place where people choose to come for healthcare, physicians want to practice and employees want to work, our more than 100-year legacy of caring for our communities is stronger than ever.

Inviting the best physicians into our communities and supporting them is one of the most important drivers of our ability to offer the best possible healthcare to the region. During the past year, Ennis Regional added **20 new providers** to our staff in emergency medicine, family medicine, hematology/oncology, anesthesiology, podiatry, hospitalist services, surgical services and physical medicine and rehabilitation.

And while **delivering high quality patient care close to home** is the single most important contribution we make, there are many other ways we're making a positive impact in our communities.

In **creating excellent workplaces for our 170 employees**, we made **\$755,637 in capital improvements** in 2016, including new patient beds and surgical equipment and a telemetry software upgrade; and we managed and distributed an **annual payroll of \$10,125,954**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$3 million in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility** – both at the hospital and in the community. In 2016, we paid a total of **\$538,519 in taxes**, as well as provided numerous sponsorships and donations to local organizations.

LIFEPOINT HEALTH®

MAKING COMMUNITIES HEALTHIER

Charity and other uncompensated care includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to affiliates or subsidiaries of LifePoint Health, Inc.

Ennis Regional Medical Center is part of LifePoint Health®, a leading healthcare company dedicated to Making Communities Healthier. Through its subsidiaries, it provides quality inpatient, outpatient and post-acute services close to home. LifePoint owns and operates community hospitals, regional health systems, physician practices, outpatient centers, and post-acute facilities in 22 states. It is the sole community healthcare provider in the majority of the non-urban communities it serves. More information about the company can be found at www.LifePointHealth.net.
